

## AMEU NEWS – GENERAL INFORMATION; JANUARY, 2014

AMEU NEWS is a full colour printed newsletter of the Association of Municipal Electricity Undertakings (Southern Africa) in A4 format, which contains general news of the Association's activities, of its member undertakings and its affiliated members, and other relevant industry news. It reports on developments, people, projects and products that are of interest to members and associated industry organizations.

These are published as and when appropriate, not on the basis of special features for a particular issue. Publication is usually in March, June and November each year.

The newsletter is circulated to about 2500 readers free of charge and these included City and Town Electrical Engineers of most municipal electricity utilities, other senior municipal officials and councilors in towns served by these undertakings, consulting engineers, academics, research organizations, various Government departments and quasi government bodies and Eskom officials, commercial organizations and public libraries. A number are posted to readers in other African and overseas countries.

It is also published in full on the AMEU website [www.ameu.co.za](http://www.ameu.co.za).

Direct advertisements are accepted, as are sponsored advertorial items containing relevant product or project information. No charge is made for assistance given in preparing advertorial material if this is necessary.

The rates for sponsoring or advertising in 2013 are as follows;

Half page (A5).....	R5000 + VAT
Full page (A4 ).....	R7600 + VAT

**NOTE; Companies reserving A4 advertising space for all three issues for 2014 will be invoiced at a special rate of R7 200 + VAT per issue, namely R21 600 + VAT invoiced for the year.**

Part-page, or other special requirements, are negotiable.

**It is important to note that all rates are NET. Where applicable, any agent's commission must be added to the amounts. The Editor reserves the right to reject any material considered unsuitable for publication.**
